To our dear friend Henry Snow. Henry moved to Nutrioso, Arizona to live with family. We will miss him and his encouragement as well as his servants' heart to help the church and the pastor. Drop him a line at David and Sheri French P.O. Box 415, Nutrioso, Arizona

In the first 20 years since the Roe v. Wade ruling, over 30,000,000 babies were killed. More unborn babies are killed in a year than the total casualties from the Revolutionary War, Civil War, World Wars I and II, Korean War, and Vietnam War. Those who advocate abortion have the same reasons for killing as did Pharaoh. Someone once said to me, "The courts have legalized it. Therefore it is okay." We need to learn from Scripture that just because government makes it legal doesn't mean it's right. Pharaoh made it legal but the midwives knew that it was wrong. They took a stand. It is time for Christians to take a stand. We need to be vocal and pro-active in letting the world know that God values all life. With Christ we can "do all things".
