## Safety and Security Memo

All members and friends of the Dover First Baptist Church are advised: We have taken safety and security measure after our recent seminar and new installations of doors. Only the Library door will be open once Sunday school begins at 10 AM in the hall. The front doors will all be locked just after the deacons remove the offering. That time of course will vary after 11 am. Folks who are unable to use the stage stairs for the restrooms can exist the church via the rear and take the sensor and door key with you to return. These keys are hanging next to the front door. Please be sure you lock the hall door and return these keys to our door monitor Mr. Gary Anderson. All others please use the left side aisle of the church to exist quietly to the rest room if needed. Please do not come down the center aisle. The deacons and trustees are saddened that we must take these measures in light of the current trends in our society today but we do so for your safety. This is not a lack of faith but rather a measure of wisdom. God has called us to employ both. Thank you.
