"A Sanctity of Life Story"

A woman named Pam knows the pain of considering abortion. More than 29 years ago she and her husband Bob were serving as Baptist missionaries to the Philippines and praying for a fifth child. Pam contracted amoebic dysentery, an infection of the intestine caused by a parasite found in contaminated food or drink. She went into a coma and was treated with strong antibiotics before they discovered she was pregnant. Doctors urged her to abort the baby for her own safety and told her that the medicines had caused irreversible damage to her baby. She refused the abortion and cited her Christian faith as the reason for her hope that her son would be born without the devastating disabilities physicians predicted. She recalled making a pledge to God with her husband: If you will give us a son, we'll name him Timothy and we'll make him a preacher. Pam's youngest son is indeed a preacher. He preaches in prisons, makes hospital visits, and serves with his father's ministry in the Philippines. He also played football. Pam's son is Tim Tebow. He was quarterback of the Denver Broncos and NY Giants. He is currently in try outs for the NY Mets. --- PRAISE GOD FOR PRO-LIFERS!!!
